Charlie opens the meeting by banging his wooden bat against the podium. He starts by saying that we have productions just about every day for a week.

This Friday, Improvcapella is at EMPAC, show starts at 8 or so, but we will begin setup at or around 5. On Saturday (10/18) RPI Football vs. Susquehanna during the day. The hockey game later on will not be filmed by RPI TV. On Sunday (10/19), the Fencing club has requested us to shoot their event, we have not yet confirmed. Tuesday (10/21) there is no meeting, as it is the first hockey game vs. UMASS. Charlie takes volunteers as the meeting goes astray once again.

Dan on productions: There is nothing going on right now. He is working on new productions, and still promoting the Horror Film Festival. News productions and others need to be edited, so if anyone would like to edit let us know. As Dan concludes, people start yelling obscenities once again.

Charlie adds that Brian M. is working on a document with instructions on technical requirements for videos for airing. We are basically just gearing up for the massive amount of events in the future week(s). Not many members are present because there is an IEA exam tomorrow morning. This concludes the meeting.
