Members Present

Chris Butler, Marc Ebuña, Charlie Emala, Nick Milano, Tiffany Milano, Zachary Rowe, Steven Siden, Brian Zaik

Non-Members Present

Patrick Buford, "Domo", Julia Montepagani

Mike calls the meeting to order, beginning with upcoming events. On Friday we have men's hockey vs. Colgate. We are looking for a crew of around 7 or so people to help. We will meet at 4:00p at the RPI TV closet on Friday. Volunteers are taken. If you cannot be there right at 4:00, meet us at the field house later. We will also be filming women's hockey next Friday, we will take volunteers next week for that.

Dan, our Vice President of Programming will fill everyone in on some creative projects. We have a whole bunch of projects we can work on this year. Dan will keep a list of potential and ongoing projects for this semester, so if anyone would like to help out or has any of their own ideas, contact him. Next Wednesday, we will be filming "Wednesday Night Live" at WRPI. The band for this week is called "Black Cat Elliot". Our goal is to make this a regular production this semester, and we will eventually work towards airing this live. If anyone would like to edit anything, we have various productions still yet to be edited. We will also make another "Domino Squad" production at some time in the future, as well as another "Unscripted Production" this weekend. John Isabella will send out an email with this info. There will be another Spring Film Festival during GM week as well. Another idea for filming during GM week is exit poll interviews. We would also like to shoot a news segment about the recent financial issues at RPI. If anyone has any other ideas feel free to contact Dan Falkenstrom,

Steve Siden asks about the status of the Amazing Race production. The Amazing Race was a production that was in planning, but seemed to be out of the scope of what we could do at the time.

We will also be working on editing a highlight reel after a hockey game, so if anyone would like to learn how to edit that would be a good opportunity.

Scott mentions that if anyone would like to join RPI TV, you must be trained on the equipment, so contact him if you would like to go through training. On a related note, if

you would like to work on a quick RPI TV production, you can contact the officers so someone can let you into the equipment room. Scott also mentions that at some point (possibly next weekend?) we will have a work party during which we will inventory our equipment.

Brian takes a quick poll of the amount of people who live on campus and are able to receive channel 6.

Reilly asks Marc why the slide on Concerto is in black and white, and he says that it is because it was originally designed for a poster. Reilly asks him if we can just color the RPI TV logo "RPI TV red".

Mike concludes his highly organized meeting.
