## Members Present

Chris Butler, Marc Ebuña, Charlie Emala, Rob Humphreys, Tiffany Milano, Zachary Rowe, Steven Siden, Holden Tseeng, Brian Zaik

---

Mike opens the meeting; he hopes everyone enjoyed the agenda. We are filming Men's hockey this Friday vs. Union. It should be a good game, we will be meeting at the RPI TV room at 4, and Mountain Dew will be there. Dan on the union game: Everyone should come; it will be a good game with an expected large audience. We would like to play the highlights from the women's game during half time. Suggestions for other things to play during halftime/downtimes: A possible sports intro, sunny happy RPI, something like "what it takes to shoot this game", a high speed shot of us doing a setup, a slide that talks about RPI TV, and says how we are a union-funded, student run organization. Mike asks if anyone is interested in setting up interviews with WRPI, or something similar for this time. We are doing very well with hockey, new people are using equipment, and we are very efficient with our games.

Wednesday Night Live is tomorrow night; it is an acoustic act, "Shawn Rowe". We will be meeting at the RPI TV room at 5:30p. We will be filming Wednesday Night Live next week as well, which is another acoustic act.

We have yet to meet with the GM week committee, so if anyone has any ideas feel free to submit them. Charlie suggests some sort of "old school" spoof (the GM week theme is "old school"), like boy meets world or something like that.

Mike on operations: We had a few operation incidents this past weekend at the hockey game. Someone changed the combinations on the boxes, and locked them with the new combinations. Haris and Tom were able to figure one of them out, but the other one is still locked. Members should keep in mind how they are packing up equipment, for example do not wrap the coiled-type headphone cable around the headphones because it stretches them out.

The security system has been ordered, and we will need help wiring it when it gets set up.

Haris needs help filming senate meetings every week from 8:00p – 10:00p, there are interesting conversations, and sometimes strippers. They will continue to be posted on the website, and broadcasted on channel 6.

Brian would also like to announce that RPI TV is now collecting donations for hard drives, so if anyone has any spare hard drives they would like to submit to RPI TV, please feel free.
