- Equipment Access Levels
  - We will do this at the end of the meeting.
- Previous Events
  - Mens/Womens B-Ball – Basketball went really well, we want to do it more often.
  - Date Auction – The event went smoothly. Tiffany bought Mike Zwack with Charlie's Money.
  - Whockey – Went pretty well, we have director / t-director issues to pan off. People are complaining about the WRPI feed being too loud / too soft on our intercom feeds.
  - Sopranos Intro – It went well, shot a lot of video and Dan Falkenstrom has been editing it today. Audio was an issue; it is no longer an issue.
  - Senate Meeting - It went well, some senators used profanities, we will edit it out.
- Upcoming Events
  - Legends of '85 – 3 camera shoot (12 pm at the closet)
  - Hockey vs. St Lawrence – 5 camera hockey setup with instant replay capabilities. (Right after Legends of '85)
  - Hockey vs. Clarkson – 5 camera hockey setup with instant replay capabilities.
- Future (conflicted) Events
  - LUL Poetry Slam – They want us to record on the same night as MHockey vs Quinnipiac. Executive Committee feels we should not do it (0-9-0)
  - BSA Fashion Show – This is during the same time as Freakout, we don't think there will be enough crew for it so we're not doing it. (0-10-0)
- Film Festival – We have rules.
- NRB 2010 – Informational meeting tomorrow at 5:00pm in Union 3202
- Jim Evans report –
  - Mike and Reilly met with Jim. Jim is extremely excited about studio access. We can get in whenever we want. This is a great opportunity. We can't use the tricaster because it can't leave ECAV. Someone

comments that the Houston Field House is at ECAV. There is laughter.

- Mike DiTore has been approved to enter the RPITV Executive Committee meeting (7-3-0). There is discussion about Genericon.
- There is also discussion about changing the security system from a single password system to a password per user system. Also Charlie needs to be spanked. He has been promising for months to move from using the keyboard to access the security system to an actual keypad like a real security system. Tiffany is going to get on it. If anyone wants to help her, send her an email as soon as possible. Also, If we want access to the video footage, we should email the Sys Admins of the Rensselaer Union.
- Mike says, we talked to VP Knowles about a CLASS Video. A group of students have been selected to do CLASS benchmarking. This group wants RPITV to document the benchmarking process – both on campus and off campus. The Executive Committee has voted to approve this production using a camera,xlr cables,minidv tapes, and a tripod. (11-0-0)
- Field House report – We are getting patch panels - that the HFH people are bidding for. We are advocating for a camera position above the new structure being built. We're also getting our own room that we have to "share" with Jim Evans. Reilly will keep us up to date.
- Closet Work "Party" – Brian Michalski wants to separate all the intercom equipment into its own bin. He sent an email to VP of Operations and Station Manager. Zach Rowe agrees with this idea. Reilly would like a color coding system based on length for XLRs. Reilly wants a cleanup party. There will be Pizza. The party will be this Sunday starting at 2pm. It will end when we pass out.
- Website Stuff – There will be an update coming out soon. Apparently it will blow our minds.
- Live Video Streaming - Kyle, Reilly, and Mike DiTore are meeting with Kevin Beattie to talk about B2 Streaming on Thursday at 1pm. Send Reilly an email if you are interested.
- Sean would like to become equipment supervisor. He decides to hold off until he better acquaints himself with the new equipment
