- TimeWarner loves our Legends of '85 production. TW wants our production to be on their VOD service. We're waiting for a release form from him. He will be at Freakout. The Executive Committee votes to approve the release of this production. (10-0-0)
- We want to use this opportunity to air more hockey stuff on TW. Specifically to get our productions on TW, LIVE.
- Women's Hockey game went smoothly. Again there was a bit of a rush towards the start of the production. Haris is probably most at fault for being very late to the game.
- We got about 200 minutes of footage at Genericon. We filmed a special interview. It is hard to explain. You have to see it to understand it.
- Men's Hockey versus Quinnipiac will be our final guaranteed production of the year. Come one come all. It's going to be straightforward hockey.
- Men's Hockey versus Princeton, we are probably just gonna do a one camera b-roll type of thing.
- We're creating DVDs for SAJ
