On Friday, we were over at Relay for Life collecting some news stuff. Andrew Armenia, Tiffany Milano, and Andrew Armenia showed up to help collect some B-roll. There is plenty of footage available for a news production if someone wants to edit it.

Saturday we filmed Urinetown, which went swimmingly. Unfortunately the last 15 seconds of the production is missing.

### **Coming up this week:**

This **Saturday May 1 at 7:00pm Men's Lacrosse** will face off against Union. The closet time for this event will be 4:00pm. Andrew Armenia will produce this event if being producer does not get in the way of his work on instant replay. Volunteers include Andrew Tamoney, Reilly Hamilton, Mike DiTore, Tiffany Milano, and Kyle Mackenzie.

On **Sunday May 2 at 9:30am** Alex will be producing **RPI Autocross** in the North Lot. During this event, cars will wake Kyle up and upset him. Volunteers for this event are Andrew Tamoney, Kenley Cheung, Reilly Hamilton, Andrew Armenia, and Alex Niaura.

May 8-9 we will be filming at the Dance Show at EMPAC, Partial Credit at Mothers, and a Rock Band production. This event will be discussed next week, because it does not meet this "this week" criteria.

### **Operations Report**

On Sunday May 2, Tiffany Milano will be organizing a closet cleanup and bin reorganization. She encourages those with input to attend this event and offer their input. Tiffany reports the closet

currently looks like the underworld (a bad thing) and we will be playing loud happy music during this cleanup. This event may include a screening for Shiny Happy RPI.

Zach Rowe encourages everyone to attend the closet cleanup on Sunday and give input on the Build-A-Bin system. He also encourages people to enjoy the end of their semester.

Kyle Mackenzie reports that he bought hundreds and hundreds and hundreds of DVDs and hundreds and hundreds of DVD cases. Ryan Kemper asks if we are going to start designing 'legitimate' DVD covers, which Tiffany answers we are. Mike DiTore asks about the status of the DVD printer. Zach informs him that it will be returned soon. Reilly informs the club "it is crap" while Kyle says, "it didn't cost enough money." Kyle also reports we are going to buy miniDV media and gaffers tape. We will look into replacing the NEC monitors, acquiring more HD space, and buying Premiere CS4 or CS5 for the replay computer.

If you are interested in RPI TV's purchase of an egg crate, you are encouraged to attend the Egg Crate Meeting after this one.

Alex Niaura encourages everyone to attend her autocross event.
